Allowable Subject Matter

1. Claims 1-3 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest an operation microscope with the switch, control means and detection means wherein only when the detection signal of the storage state is received, the control means controls the elevating device by operating the switch to allow the microscope to move up or down as set forth in the claimed combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The patents to Luloh, Nagano, and Kirchhuelbel each show a microscope having a lens which is movable between storage and use positions.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark Robinson whose telephone number is (571) 272-2319.
